1. THE MARIE SKLODOWSKA-CURIE ACTIONS (MSCA)
Horizon 2020 – the European Framework Programme for Research and Innovation (2014-2020), ~€80 billion
‘After all, science is essentially international, and it is only through lack of the historical sense that national qualities have been attributed to it.’
The Marie Skłodowska-Curie Actions

- Budget 2014-2020: € 6 162 million
- All research areas (bottom-up)
- Focus on career development and training
- Attractive career and knowledge-exchange opportunities through mobility (inter-sectoral, international & interdisciplinary)
- Implemented via annual calls for proposals

COFUND
Individual Fellowships (IF)

- Enabling talented researchers to work on projects within or outside Europe
- For experienced researchers of any nationality
- Hosts: Universities, research centres, companies etc.
- Proposal submitted by researcher in liaison with host
- Up to 3 years financial support

MSCA RISE Webinar 21 February 2019 - Sibylla Martinelli, MSCA National Contact Point Switzerland
COFUND

- Support of regional, national or international programmes
- Foster excellence in HR development in research and innovation
- Doctoral and Post-Doctoral Programmes
- Hosts: Universities, research centres, companies
- Fixed amount for each supported researcher
Innovative Training Networks (ITN)

- Promote innovative doctoral and research training
- At least 3 partner institutions
- Hosts: universities, research centres, companies, other non-academic sector organisations
- Funding for up to 4 years to cover researcher allowances and research, training and networking as well as management costs

**ITN: Innovative Training Network**
Research and Innovation Staff Exchanges (RISE)

- Enhance the international dimension of research and innovation
- Stimulate interaction between academia and non-academia
- In different countries and sectors

2. RESEARCH AND INNOVATION STAFF EXCHANGE (RISE)
How does it work?

- Consortium of organisations from different countries and sectors based in Europe (EU Member States and Associated Countries) and outside Europe (Third Countries)
- Propose joint research & innovation project
- Implemented through secondment of staff around the consortium (1 - 12 months duration)
- Secondments complemented by networking/training events
Participating Organisations

From Academic Sector:
- Higher education establishments
- Non-profit research organisations
- International European interest organisations (CERN, EMBL, …)

From Non-Academic Sector:
Any socio-economic actor not included in the academic sector and fulfilling the requirements of the Horizon 2020 Rules for Participation (SMEs, multinationals, NGOs, etc.)
Participating Organisations

Beneficiaries
- Sign the Grant Agreement and claim costs
- Contribute directly to the RISE project
- Are established in a MS/AC
- The coordinator must be a beneficiary

Partner Organisations
- Are established in a Third Country (TC)
- Do not sign the Grant Agreement / do not claim costs directly
- Contribute directly to the RISE project
- Host secondments and/or second staff members
Eligible Consortia

- **Participating organisations:** Minimum 3 participating organisations independent of each other

- **Countries:** 3 different countries, of which at least 2 participants from 2 different MS/AC

- **Sectors:** Secondments between European (MS/AC) organisations must be intersectoral
Goals

Sending staff members to other participating organisations to achieve two short-term goals of the project:

→ **Goal 1**: Staff members perform tasks to achieve the objectives of the proposed R&I action

→ **Goal 2**: Staff members develop new R&I and transferable skills to boost future career opportunities through the rise action and connected networking activities
Eligible Staff

- Actively engaged in or linked to research/innovation activities for at least 1 month prior to first secondment

- Types of staff members:
  - Early stage researcher (no PhD and < 4 years experience)
  - Experienced researcher (PhD or > 4 years experience)
  - Managerial staff
  - Administrative or technical staff supporting R&I activities
Secondment Duration

- Duration per staff member:
  - Minimum 1 month
  - Maximum 12 months
- Funding is provided to project per secondment-month of each staff member
- The maximum size for a project is **540 person months**
- Maximum project duration is **4 years**
Eligible Costs

- Unit costs per researcher per month of secondment
- Budget is calculated automatically
- Funding is allocated to the coordinator for distribution

THE RISE PROPOSAL
PART B – ‘EXCELLENCE’
2.1 Quality and credibility of the research/innovation action; level of novelty and appropriate consideration of inter/multidisciplinary, intersectoral and gender aspects

- Specific objectives
- Methodological approach
- Inter/multidisciplinary types of knowledge involved, where applicable.
- Gender Aspects
Part B – ‘Excellence’

2.2 Quality and appropriateness of knowledge sharing among the participating organisations in light of the research and innovation objectives

- Approach and methodology used for knowledge sharing (secondments, workshops/trainings/conferences, etc.).

- How will knowledge sharing contribute to achieving the aims of the research and innovation activities described in section 2.1?
Part B – ‘Excellence’

2.3 Quality of the proposed interaction between the participating organisations

- Contribution of each participating organisation in the activities planned and expertise provided to reach the action’s objectives, with particular emphasis on the scientific objectives described in section 2.1.

- Justification of the main networking activities.
Part B – ‘Excellence’

Secondments

- Who will be where when?
- The plan has to correspond to your entries in Part A (see example)
- Each secondment has to be justified scientifically and in terms of transfer of knowledge
- Try to achieve an overall balance
THE RISE PROPOSAL
PART B – ‘IMPACT’
Part B – ‘Impact’

3.1 Enhancing the potential and future career prospects of the staff members

- Describe how the action contributes to realising the potential of individuals and provides new skills, enhances their knowledge and career perspectives.

- Link to EU policies!

http://ec.europa.eu/social/main.jsp?catId=738&langId=en&pubId=626&type=2&furtherPubs=yes
Part B – ‘Impact’

3.2 Developing new and lasting research collaborations, achieving transfer of knowledge between participating organisations and contribution to improving research and innovation potential at the European and global levels

- Development and sustainability of new and lasting research collaborations

- Contribution of the action to the improvement of the research and innovation potential within Europe and/or worldwide.

http://ec.europa.eu/research/innovation-union/index_en.cfm?pg=keydocs
Part B – ‘Impact’

3.3 Quality of the proposed measures to exploit and disseminate the action results

- Dissemination strategy
- How will results be taken up/used?
- Expected impact of the proposed measures (e.g. addressing societal needs/challenges)
- Intellectual property rights aspects
- Exploitation of results

Part B – ‘Impact’

3.4 Quality of the proposed measures to communicate the action activities to different target audiences

- Communication strategy of the project and its results
- Outreach plan and activities envisaged to engage the public
- How will activities be targeted at multiple audiences?
- Channel(s) used to inform and reach out to society
- Expected impact of the proposed activities
THE RISE PROPOSAL
PART B – ‘IMPLEMENTATION’
Part B - ‘Implementation’

4.1 Coherence and effectiveness of the work plan, including appropriateness of the allocation of tasks and resources

- Consistency and adequacy of the work plan and the activities proposed to reach the action objectives
- Credibility and feasibility of the action through the activities proposed
- Credibility and feasibility of the allocation of secondments proposed to reach the action objectives
Part B - ‘Implementation’
